

Industrial Visit

An industrial visit was arranged on 8th January 2019 to i-medita network training center, Baner, Pune for 40 students of IT department to attend Theory and practical session.

The students learnt the basic of networking, how networking work in industries, also working of real time network devices through ppt presentation as well as lab visit. In practical session students gain the knowledge about networking H/W devices. During this visit students maintained proper discipline and hence grasp complete knowledge of networking in industries, which they required to know in their academic circular.

Overall it was a fruitful visit. Students have requested for more such industrial visits in the future.
